[illegible]

A 10x10 grid with a yellow background and black dashed lines. The grid is divided into 10 columns and 10 rows. The columns are labeled with numbers 28, 4, 6, 8, 15, 11, 17, 7, 22 at the top. The rows are labeled with numbers 539, 21, 3, 15, 12, 10, 17, 13, 22, 3 on the left. The grid contains several black solid lines forming a pattern of rectangles. The numbers 9, 9, and 1 are placed in the center of some of the rectangles.

A 10x10 grid with yellow cells and black borders. The grid contains numbers in some cells: 20, 7, 2, 31, 10, 14, 22, 8, 27 in the first column; 6, 17, 24, 5, 24, 17, 13, 29, 17 in the second row; 9 in the second row, eighth column; 9 in the third row, seventh column; 9 in the fourth row, sixth column. The grid is labeled with numbers 6, 17, 24, 5, 24, 17, 13, 29, 17 in the second row and 20, 7, 2, 31, 10, 14, 22, 8, 27 in the first column.

The grid is a 10x10 square divided into four 5x5 quadrants by a dashed line. The top-left quadrant is labeled with row indices 16, 13, 19, 6, 10 and column indices 20, 8, 3, 32, 16. The top-right quadrant is labeled with row indices 16, 13, 19, 6, 10 and column indices 7, 14, 28, 11. The bottom-left quadrant is labeled with row indices 13, 20, 6, 22 and column indices 20, 8, 3, 32, 16. The bottom-right quadrant is labeled with row indices 13, 20, 6, 22 and column indices 7, 14, 28, 11. The grid contains several numbers: 1, 9, 9, 11, 16, 22, 28, 32, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100. The numbers are placed in specific cells, with some numbers appearing multiple times.

A 9x9 grid representing a 3D volume. The grid is divided into 27 smaller cubes. The top row is labeled with numbers 18, 27, 11, 25, 6, 25, 19, 10, 13. The left column is labeled with numbers 19, 27, 7, 10, 7, 12, 3, 15, 3. Three cubes are labeled with the number 1: the cube at row 6, column 5; the cube at row 7, column 6; and the cube at row 8, column 7.
