[illegible]

A 9x9 grid representing a 3D volume. The grid is labeled with coordinates (x, y, z) at the top and left. The top labels are 310, 17, 26, 22, 14, 3, 18, 11, 17, 16. The left labels are 8, 23, 26, 10, 9, 7, 11, 17, 20. The grid contains several black borders forming a complex shape. Some cells contain the number 1.

[illegible]

A 10x10 grid representing a 1000x1000 matrix. The grid is yellow with black borders. The top row is labeled with indices 586, 18, 31, 21, 25, 12, 4, 28, 10, 8. The left column is labeled with indices 5, 19, 30, 20, 16, 3, 27, 16, 16. The grid contains several black squares and numbers. The numbers 9 are located at (row 27, column 18), (row 16, column 31), and (row 16, column 21).

Diagram 1: A 9x9 grid with thick black borders and dashed lines. Numbers are placed in the top and left margins. The top row has numbers 12, 32, 7, 14, 8, 30, 3, 15, 7. The left column has numbers 20, 25, 6, 6, 11, 19, 2, 4, 17. Some cells contain numbers: row 6, column 8 has '9'; row 7, column 7 has '1'; row 8, column 6 has '1'.

A 9x9 grid representing a 3D volume. The grid is divided into 8x8 cells by thick black lines. The top and bottom edges are labeled with numbers: 621, 33, 19, 17, 3, 25, 24, 15, 22, 5. The left and right edges are labeled with numbers: 22, 14, 8, 13, 23, 18, 13, 3, 17. The grid contains several black squares and the number '1' in some cells.

A 9x9 grid representing a 3x3x3 Rubik's cube. The grid is yellow with black dashed lines. Thick black solid lines divide the grid into 27 smaller 3x3 sub-grids. Numbers are placed in the top row of each sub-grid: 811, 10, 6, 25, 22, 7, 5, 5, 26, 22. Some sub-grids contain the number 1 in their center cells.

A 9x9 grid with thick black borders and dashed lines. Numbers are placed in the top row and left column. The top row numbers are 6, 19, 7, 29, 18, 7, 22, 24, 2. The left column numbers are 14, 24, 10, 5, 13, 24, 2, 11, 16. The grid contains the numbers 1 and 9 in specific cells.

A 9x9 grid representing a 3D volume. The grid is filled with yellow cells. The top and left edges are labeled with numbers: 943, 2, 20, 14, 18, 5, 14, 15, 8, 4 (top) and 15, 15, 15, 11, 7, 13, 30, 9, 18 (left). The grid contains several black borders forming a complex shape. The number '1' is placed in the cell at row 2, column 7.
