

A 9x9 grid representing a 3D cube. The grid is yellow with black borders. The numbers 1 through 9 are placed in specific cells, forming a 3x3x3 cube. The 3D coordinates (x, y, z) are labeled on the top and left sides of the grid. The numbers are placed in the following cells: (1,1,1)=1, (1,1,2)=9, (1,1,3)=9, (1,2,1)=1, (1,2,2)=9, (1,2,3)=9, (1,3,1)=1, (1,3,2)=9, (1,3,3)=9, (2,1,1)=1, (2,1,2)=9, (2,1,3)=9, (2,2,1)=1, (2,2,2)=9, (2,2,3)=9, (2,3,1)=1, (2,3,2)=9, (2,3,3)=9, (3,1,1)=1, (3,1,2)=9, (3,1,3)=9, (3,2,1)=1, (3,2,2)=9, (3,2,3)=9, (3,3,1)=1, (3,3,2)=9, (3,3,3)=9.
